Mr. Paul V. Walsh
 Acting Deputy Director for Intelligence
 Central Intelligence Agency
 Washington, D. C. 20505

Dear Paul,

(C) Thanks for the copy of the CIA study on DIA military biographic operations and your discrete handling. The efforts of the CIA in conducting this study are sincerely appreciated and its findings are really not surprising. We know we have problems and have been searching for the correct solutions for several months.

(C) We are using the facts and conclusions of the study in a review of the DoD Biographic Program now underway and which we hope to complete next month. Until it has been completed, including specific definition of biographic needs and resources, we cannot respond meaningfully to the recommendations in the study.

(U) As soon as our review effort is complete, we will be back to you with a thorough discussion of the study's findings and recommendations, as well as remarks on any appropriate future interaction between our Agencies.

Sincerely,

 LINCOLN D. FAURER
 Major General, USAF
 Deputy Director for Intelligence
